READ:- From the Honorary Secretary, The South India Tanneries' and Dealers' Association, Ranipet letter dt.9-7-47. 8/
From The Director of Public Health L.Dis.No.53813-1-Hyg.47,dtl14/

ORDER:

The Honorary Secretary, The South India Tanners and Dealers' Association, Ranipet, represents that the Health Department is insisting on the traders observing some impossible conditions which are not conducive to the trade and requests that a Committee may be formed consisting of the representatives of the tanners to frame new bye-laws for adoption in the tanneries.

2. The Director of Public Health points out that it was only in 1939 that the Government constituted a Committee of five members (three of whom being representatives of the trade to go into the question and submit its recommendations which were generally approved by them, that there is no need to constitute a fresh committee as requested by the Association and that the association may be asked to go through the report of the Committee and suggest any modifications to the recommendations contained therein. The Government agree with the above views of the Director of Public Health.
